

SENSOR HOLDER

High Transparency For Easy Observation

► SPECIFICATION

MATERIAL: UPVC、Clear-PVC
SIZE: DN25~DN50、1"~2"
STANDARD: DIN、ANSI
CONNECTION: SOCKET

TRANSPARENT AND EASY TO OBSERVE

- High-transparency PVC material, it features a specially designed **non-curved viewing window**, allowing for clear observation of the fluid status, facilitating inspection and maintenance.

STANDARD NPT INTERFACE

- Utilizes the most commonly used **3/4\" NPT threaded interface in the sensor industry**, making it easy to connect various types of sensors and allowing for flexible expansion through additional accessories.

DOUBLE UNION JOINT DESIGN

- Features a **double union structure** with both ends detachable, significantly enhancing maintenance convenience.

Unit: mm

NOMINAL SIZE		d1		STRUCTURE SIZE				PRESSURE
DN	ANSI	DIN	ANSI	I	I1	L	H	PN
